ABOUT ASEAN REINSURANCE PROGRAMME (ARP)

The ASEAN Reinsurance Programme (ARP) aims to enhance reinsurance education and talent development in the region. It is an initiative under the ASEAN Insurance Education Committee and the ASEAN Reinsurance Working Committee and managed by the Insurance Institute of the Asia-Pacific (IIAP) in collaboration with the Singapore College of Insurance (SCI), the Malaysian Insurance Institute (MII), the Thailand Insurance Institute (TII) and the Dewan Asuransi Indonesia (DAI). The ARP is a first of its kind, multi-pronged holistic talent and professional development initiative that combines technical training programmes with internships in time to come.

ABOUT ASEAN REINSURANCE PROGRAMME (ARP)

1. **IFRS 17 for Reinsurance** offers a virtual, in-depth exploration of IFRS 17, targeting intermediate-level professionals in the reinsurance sector.
2. **ASEAN Reinsurance Market Developments:** Led by a panel of reinsurance veterans, the objective of this Webinar is to provide an up-to-date overview of the ASEAN reinsurance market developments and how the various parties in the reinsurance value-chain work and interact with each other.
3. **Reinsurance Pricing:** Through the use of worked examples, participants will be able to understand different pricing methodologies and gain an insight as to how property and liability reinsurance pricing is calculated and applied in real life.
4. **Treaty Wordings – A Practical Perspective:** This course aims to equip participants with the confidence and ability to comprehend, prepare and/or check reinsurance documentation with a more questioning and professional approach.
5. **Reinsurance Planning And Structuring:** Participants will acquire detailed technical and practical knowledge on the different types of reinsurance which will help them design an optimal programme to meet the needs of the reinsured through the use of cases.
6. **Reinsurance Accounting:** The purpose of this course is for participants to gain an in-depth knowledge on the mechanisms of Reinsurance Accounting.
7. **Life and Health Reinsurance:** This course aims to enhance participants' knowledge on the concept, characteristics and workings of life reinsurance.
8. **Risk Based Capital – An Overview of the Regimes in ASEAN Impacting Reinsurance,** provides the participants with an understanding of the different types of capital and the use of risk-based capital in insurance; regulatory capital framework in the various ASEAN countries, and the various constituent components that make up the statutory capital requirements; and the application of reinsurance in RBC.
9. **Alternative Risk Transfers: Insurance Linked Securities (ILS) & Cat Bonds.**
